Item 4 – Advisory Services

A. Firm Information

Balanced Wealth Management, LLC (“Balanced Wealth” or the “Advisor”) is a registered investment advisor located in the State of Rhode Island. The Advisor is organized as a limited liability company (“LLC”) under the laws of Rhode Island. Balanced Wealth was founded in September 2003 and became a registered investment advisor in February 2015. Balanced Wealth is owned and operated by Robert N. Auclair (Principal and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Balanced Wealth.

B. Advisory Services Offered

Balanced Wealth offers investment advisory services to individuals, high net worth individuals, trust, estates businesses and retirement plans (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As such, each recommendation made as part of the advisory services are based on the belief that the recommendation is in the Client's best interest. Balanced Wealth's fiduciary commitment to each Client is further described in the Advisor's Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

Balanced Wealth provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management services. Balanced Wealth works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy and asset allocation tailored to the Client's needs. Balanced Wealth will then construct the Client's portfolio with mutual funds and/or exchange-traded funds (“ETFs”) that meet the Advisor selection criteria. The Advisor may also utilize third party money managers, bonds and other types of securities, as appropriate, to meet the needs of its Clients. The Advisor may retain certain legacy investments based on portfolio fit and/or tax considerations.

Balanced Wealth's investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Balanced Wealth will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Balanced Wealth evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Balanced Wealth may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Balanced Wealth may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Balanced Wealth may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will Balanced Wealth accept or maintain custody of a Client's funds or securities, except for authorized deduction of the Advisor's fees. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement. Please see Item 12 – Brokerage Practices.

Selection of Other Advisors

Balanced Wealth may periodically recommend and refer clients to unaffiliated money managers or investment advisors (herein a "Sub-Advisor") at Balanced Wealth's discretion or the Client's request. Through this arrangement, the Client will then enter into an advisory agreement with one or more Sub-Advisor to manage all or a portion of the Client's assets. Balanced Wealth will remain your primary Advisor and oversee the Client's investment allocation[s] and overall investment performance. The Sub-Advisor will assume day-to-day investment management of the assets. Balanced Wealth will also assist the Client in establishing investment objectives and develop an investment strategy to meet those objectives by identifying appropriate investments and monitoring such investments. In consideration for the sub-advisory services, the Sub-Advisor[s] will receive a separate investment advisory fee, billed based on the fee schedule the Client establishes with the Sub-Advisor[s].

Depending on structure of the arrangement, a Sub-Advisor may either be accessed directly or through a program at the Client's custodian (a "Managed Accounts Program"). In a Managed Accounts Program, Balanced Wealth's fee will be deducted by the Managed Accounts Program (Please see Item 5 – Fees and Compensation). In direct sub-advisory relationships, the Client's fees may be collected by the Sub-Advisor. Balanced Wealth will only receive fees consistent with its schedule set forth in Item 5 – Fees and Compensation below.

The Client, prior to entering into an agreement with a Sub-Advisor will be provided with the Sub-Advisor's Form ADV 2A (or a brochure that makes the appropriate disclosures). Please see Item 5 – Fees and Compensation and Item 14 – Client Referrals and Other Compensation for additional information.

Investment Management Platform

For certain accounts, Balanced Wealth may recommend that all or a portion of a Client's investment portfolio be established in an automated managed program ("AMP") through Strategic Advisers, Inc. ("Strategic Advisers"), a registered investment adviser and a wholly owned subsidiary of FMR LLC (collectively with Strategic Advisers and its affiliates, "Fidelity Investments" or "Fidelity") and Geode Capital Management, LLC ("Geode"), the appointed sub-advisor, a registered investment advisor not affiliated with Fidelity. AMP is an online investment management platform serving registered investment advisors and other financial services firms. Through advanced technology and low-cost mutual fund and ETF portfolios, a portfolio[s] will be constructed to achieve the investment goals of the Client. Client portfolios are customized based on the Client's investment goals, financial situation, tolerance for risk and other factors. AMP automatically rebalances the Client's investment portfolio as part of its discretionary management. The Advisor will work closely with the Client to develop the initial investment strategy and provide ongoing investment oversight of AMP.

To establish an AMP relationship through Fidelity, the Client will be required to enter into an additional agreement with Fidelity and the Advisor that defines the terms of the arrangement and fees to all parties. The Advisor will provide the necessary disclosures to utilize AMP. The Advisor's investment advisory fee is added to the Fidelity platform fee, which also includes securities transaction fees. The Advisor does not share in any fees charged by Fidelity. The Advisor shall only earn its fees as described in Item 5 below. For additional information regarding the brokerage practices for Fidelity accounts, please see Item 12.

AMP automatically rebalances securities in the Client's investment portfolio. Geode assumes the investment discretion via the agreement to trade the Client's portfolio consistent with the investment parameters provided by the Advisor. The Advisor will work closely with the Client to develop the initial investment strategy and obtain approval to implement through AMP.

Financial Planning Services

Balanced Wealth will typically provide a variety of financial planning services to individuals and families, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives.

Generally, such financial planning services will involve preparing a financial plan based on the Client's financial goals and objectives. This planning may encompass one or more areas of need, including, but not limited to

investment planning, retirement planning, personal savings, education savings, insurance needs, and other areas of a Client's financial situation.

A financial plan developed for the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Balanced Wealth may also refer Clients to an accountant, attorney or another specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For ad-hoc engagements, the Advisor may not provide a written summary. Plans are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Balanced Wealth provides retirement plan advisory services to defined contribution plans (each a "Plan") and the sponsor of the Plan (the "Plan Sponsor"). Client accounts implemented through AMP will have certain securities transaction fees and advisory fees combined into a single "wrap fee" structure. Clients will be provided Geode's Disclosure Brochure prior to establishing an account.

E. Assets Under Management

As of December 31, 2020, the Advisor manages approximately \$66,000,000 in Client assets, \$65,000,000 of which are managed on a discretionary basis and \$1,000,000 on a non-discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more advisory agreements that detail the responsibilities of Balanced Wealth and the Client.

A. Fees for Advisory Services

Investment Management

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees are based on the following schedule:

| Assets Under Management | Annual Rate |
|----------------------------|-------------|
| Up to \$500,000 | 1.25% |
| \$500,001 to \$1,000,000 | 1.00% |
| \$1,000,001 to \$2,000,000 | 0.90% |
| \$2,000,001 to \$3,000,000 | 0.85% |
| Over \$3,000,000 | 0.65% |

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. Certain legacy relationships may have fees that differ from the schedule above. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Balanced Wealth will be independently valued by the Custodian. Balanced Wealth will not have the authority or responsibility to value portfolio securities.

Selection of Other Advisors (Sub-Advisors)

For Client's accounts that are managed by a Sub-Advisor, the Client's fee will be deducted from the Client's account[s] with the Sub-Advisor or the Managed Accounts Program and a portion of the investment advisory fee will be provided to Balanced Wealth consistent with the fee schedule above. Please see Item 14 – Client Referrals and Other Compensation for additional details.

Investment Management Platform

Client accounts implemented through AMP will be charged fees based on the average daily market value of the Client[s] account[s] for the month or quarter. Fees are based on the fee schedule above plus the AMP fee of 0.25%. The Client authorizes this fee deduction through the investment platform agreement signed by the Client, the Advisor and AMP.

Financial Planning Services

Balanced Wealth offers financial planning services at an hourly rate of up to \$175 per hour or on a fixed engagement fee. Planning fees may be negotiable depending on the nature and complexity of each Client's circumstances. An estimate for total hours and/or overall costs will be determined prior to engaging for these services.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Retirement Plan Advisory Services

Plan advisory fees are generally billed as either a percentage of assets in the Plan, in advance of each quarter, based on the fee schedule above or based on a fixed quarterly fee.

B. Fee Billing

Investment Management Services

Investment advisory fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor or its delegate shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Balanced Wealth at the end of the prior calendar quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. In addition, the Advisor will provide the Client a report itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Balanced Wealth to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Selection of Other Advisors (Sub-Advisors)

Clients participating in a Managed Accounts Program will be billed in accordance to the investment advisory agreement with the respective Program Sponsor or Sub-Advisor. The Program Sponsor will add Balanced Wealth's investment advisory fee and deduct the overall fee from the Client's account[s]. In situations where a Client is referred to Sub-Advisor, the Sub-Advisor will collect an overall fee and compensate Balanced Wealth out of this fee. Details are described in Item 14 below.

Investment Management Platform

The AMP fee will be calculated by Fidelity and deducted from the Client's account[s]. The Advisor's portion of the fee is directly remitted to the Advisor. Fees are calculated based on the average daily market value of the Client's account[s] for the month or quarter. Clients will be provided a statement, at least quarterly from Fidelity.

Financial Planning Services

Financial planning fees are typically invoiced up to 50% upon execution of the financial planning agreement and the balance upon completion of the engagement deliverable[s].

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Balanced Wealth, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all securities execution and custody fees charged by the Custodian, if applicable. The Advisor's recommended custodian does not charge securities transaction fees for ETF and equity trades in Client accounts, but typically charges for mutual funds and other types of investments. The fees charged by Balanced Wealth are separate and distinct from these custody and execution fees.

In addition, all fees paid to Balanced Wealth for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Balanced Wealth, but would not receive the services provided by Balanced Wealth which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Balanced Wealth to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

The Client shall be responsible for investment advisory fees up to and including the effective date of termination. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

As noted above, financial planning engagements may be billed up to 50% in advance of the planning engagement. The Client may also terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Investment Management Platform

Fees charged for Fidelity accounts are collected monthly or quarterly, after services are provided. The Client may terminate the account[s] with Fidelity, at any time, by providing advance written notice to the Advisor and Fidelity. The Advisor will assist the Client with this process upon request. The Client shall be responsible for platform and advisory fees up to an including the effective date of termination. The Client may be subject to other terms as provided through the tri-party agreement with Fidelity.

Retirement Plan Advisory Services

The Client may also terminate the agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. Upon termination, the Advisor will refund any unearned, prepaid retirement plan advisory fees from the effective date of termination to the end of the quarter. The Client's retirement plan advisory agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Balanced Wealth does not buy or sell securities and does not receive any compensation for securities transactions in any Client account[s], other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Balanced Wealth does not charge performance-based fees for its investment advisory services. The fees charged by Balanced Wealth are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Balanced Wealth does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Balanced Wealth offers investment advisory services to individuals, high net worth individuals, businesses and retirement plans. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. The Advisor does not have a minimum relationship size in order to become a Client. Smaller accounts may be offered advisory services solely through the AMP relationship as described in Item 4 above. Clients engaged under AMP are required to have a minimum account size of \$5,000, for the portfolio to be effectively managed.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Balanced Wealth primarily employs a fundamental analysis in developing investment strategies for its Clients. Research and analysis from Balanced Wealth are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

As noted above, Balanced Wealth generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Balanced Wealth will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of

Clients. At times, Balanced Wealth may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

Fund selection is based on the Advisor's internal criteria, which includes several factors, including but not limited to: 1) past and current performance as it is compared to peer funds (top quartile is desired); 2) total expense ratio lower than mean of category; 3) risk-adjusted returns as a measure of Alpha and Sharpe ratios that are higher than the mean of the category; 4) stable organizations that do not have issues related to personnel turnover, regulatory issues or excessive cash flows that may affect manager or key personnel; and 5) our investment outlook. Possible fund changes could include but not be limited to: 1) change in investment professional[s]; 2) significant losses well in excess of benchmark[s]; 3) significant growth in new business; and/or 4) change of ownership.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Balanced Wealth will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. The following are some of the risks associated with the Advisor's strategy:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Balanced Wealth or any of its management persons. Balanced Wealth values the Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 174699.

Massachusetts residents may also obtain information relating to the disciplinary history of any investment advisor representative conducting business in Massachusetts by contacting the Commonwealth of Massachusetts Securities Division at (617) 727-3548.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

As noted in Item 5, Mr. Auclair is also a licensed insurance professional. Implementation of insurance recommendations are separate and apart from Mr. Auclair's role with Balanced Wealth. As an insurance professional, Mr. Auclair will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Mr. Auclair is not required to offer the products of any particular insurance company. Clients are under no obligation to implement any recommendations made by Mr. Auclair or the Advisor.

Tax Services

Mr. Auclair may also help Clients in the preparation of federal and state tax returns. Depending on the terms of the agreement with each Client, the cost for these services may or may not be included in Balanced Wealth's investment advisory fees. Mr. Auclair spends approximately 10% of his professional time providing tax preparation services during tax season and receives minimal income derived from tax preparation services. Clients are under no obligation to engage Balanced Wealth or Mr. Auclair for these services.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Balanced Wealth has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with Balanced Wealth ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to the Client. Balanced Wealth and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Balanced Wealth's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (401) 398-2000.

B. Personal Trading with Material Interest

Balanced Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Balanced Wealth does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Balanced Wealth does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Balanced Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to you and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the

best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Balanced Wealth requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer (“CCO”) or delegate. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Balanced Wealth allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. **At no time will Balanced Wealth, or any Supervised Person of Balanced Wealth, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Balanced Wealth does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Balanced Wealth to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Balanced Wealth does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Balanced Wealth does not exercise discretion over the selection of the Custodian, the Advisor will typically recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by Balanced Wealth. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. Balanced Wealth may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation, and/or location of the Custodian's offices. Balanced Wealth does not receive research services, other products, or compensation as a result of recommending a particular broker-dealer/custodian that may result in the Client paying higher commissions than those obtainable through other broker-dealers/custodians.

Balanced Wealth will generally recommend that Clients establish their accounts at Fidelity Clearing & Custody Solutions and other divisions or affiliates of Fidelity, where Balanced Wealth maintains an institutional advisor relationship. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. **Balanced Wealth does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor does receive certain economic benefits from Fidelity. Please see Item 14 below.**

2. Brokerage Referrals - Balanced Wealth does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where Balanced Wealth will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, Balanced Wealth will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Balanced Wealth will execute its transactions through the Custodian as directed by the Client.

Balanced Wealth may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Mr. Auclair, Principal and Chief Compliance Officer of Balanced Wealth. Formal account reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Balanced Wealth if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Balanced Wealth

Balanced Wealth does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party, except as noted in Item 10. Balanced Wealth may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, Balanced Wealth may receive referrals of new Clients from a third-party.

Selection of Other Advisors

Balanced Wealth may refer Clients to Sub-Advisors, as detailed in Item 4 – Advisory Services. In such arrangements, Balanced Wealth may be paid indirectly through the advisory fees collected from the Client by the Sub-Advisor[s] and/or Managed Accounts Platform.

Participation in Institutional Advisor Platform

Balanced Wealth has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a

potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor may receive the following benefits from Fidelity: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Client Referrals from Solicitors

Balanced Wealth may engage and compensate unaffiliated third-party referral sources (a "Solicitor") for Client referrals. Clients will not pay a higher fee to Balanced Wealth as a result of such payments to a Solicitor. The Advisor shall enter into an agreement with the Solicitor, which requires that full disclosure of the compensation and other conflicts is provided to the prospective client prior to or at the time of entering into the advisory agreement.

Item 15 – Custody

Balanced Wealth does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees and certain money movement authority as described below. All Clients must place their assets with a "qualified custodian." Clients are required to engage the Custodian to retain their funds and securities and direct Balanced Wealth to utilize the Custodian for the Client's security transactions. Balanced Wealth encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

Balanced Wealth generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Balanced Wealth. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Balanced Wealth will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Balanced Wealth does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Balanced Wealth, nor its management, have any adverse financial situations that would reasonably impair the ability of Balanced Wealth to meet all obligations to its Clients. Neither Balanced Wealth, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Balanced Wealth is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in advance.
